Mt Republic
Cooke City
4/9/2019
Code
WS-N-R2-D2
Elevation
8000
Aspect
N
Latitude
45.00950
Longitude
-109.94900
Notes

From e-mail: "some natural, wet slab avalanche activity from yesterday on Mt. Republic. North facing, 8,000'. Triggered by wet loose slides from above.

Also, noted one large slab avalanche on the north aspect of Miller Ridge yesterday. Probably triggered by a cornice fall."
