

Early Season Snowpack?

Date

Sat, 02/10/2024 - 15:00

Activity

Skiing

Went for a little jaunt up History Rock this afternoon. Had two small localized whumfs near the top of the E facing meadow. Up to 20cm storm snow over a (mostly) supportive crust over facets. In the N facing meadow this crust was thin (<1cm) and breakable.

Region

Northern Gallatin

Location (from list)

History Rock

Observer Name

Nata deLeeuw
